If you do not have a judo "gi" on the first few days of practice, you can come in wearing a comfortable shirt and sweat pants. Female students should wear shirt underneath the "gi" uniform. Remove and secure all your jewelry for safety. Try to come in with trimmed finger nails. Checks should be made payable to: InovaCore.

Health Information:

Do you have any heart or respiratory ailment? _____

Do you have any known illness that can be aggravated by sports and other physical activity ? ____

If yes, do you have your doctor's approval if to take this type of activity ? _____

Aikido as well as other martial arts and sports activities involve physical contacts. The applicant must understand that although precautions are taken, the possibility of injury are present . Most common injury in Aikido are muscle sprains , bumps , occasional scratches because of locks. The extreme one involves injuries associated with falls. The dojo takes safety of each practitioner seriously. We encourage and prepare the students to learn advance techniques but not to sacrifice each others safety. If the student feels that he is not ready to perform the physical activity, he/she is encouraged to speak with his instructor or to refuse to perform the technique.

If you are pregnant or have any ailments that can be aggravated by this type of activity , please consult your doctor first.

The rules of the "dojo" are stated on the next page.

By affixing your signature , you agree to abide by the rule of the schools and observe safety during practice. (Applicants below 18 years of age need to have their legal guardian to sign)

-

Important: Please fill up and submit the standard waiver form with this application form.
